APPROACHING A CRISIS.

THE BRICKLATERS UNION OF CHICAGO DISINTEGRATING.

The Treasury Exhausted, and the Men Refuse to Strike Any Longer.

Chicago, I.L., June 23.—The affairs of the Brickiayers' Union are rspidly approaching a crieis and tomorrow night's meeting is liable to be an exciting one. The German element has become disgusted with the management of the Multraney-Miniter-Pearson clique and will make a determined effort to unseat them from their present prominence in the Union. At a recent meeting at Battery D it was a recent meeting at Battery D it was decided to send delegates to the Amsidecided to send delegates to the Amalgamated Trades Council, but this decision has been multified by the officers of the union. As a consequence the other trades have become almost hostile to the bricklayer's and some are openly working to defeat them in the present strike. The hod carriers, lathers, carpenters, plasterers, derrickmen and steam fitters are now working men and steam fitters are now working upon buildings with non-union brick layers and decline to strike at the re-quest of the walking delegates of the Bricklayers' Union.

Late yeaterd systemeon nine present brick masons called upon the Executive Committee of the master masons and announced their endiness to go to work. They told the committee that hundreds of the men were upon the regred edge and would leave the union before the end of the week. The cause of this woolessle desertion is found in the fact that the funds in the bricklayers' treasury are exhausted. President Verkeller informed all applicants yestercay that there would have more yould Friday. Hardwest. be no money until Filley. Handreds of the men have never received a cent of the assistance, and are charg-

CHICAGO, ILL., June 23 .- The first thing done by the Plumbers National Convention was the reception of the report by the Executive Committee. This treated entirely of the Baltimore resolutions that had been submitted to the convention. In substance, the resolutions were to the effect that all manufacturers of plumbers' goods who sold to consumers should be boycotted by the plumbers. The committee argued that the adoption of the resolution was just the thing for plumbers. It would do away with the diragree-shle habit of consumers, who has be able habit of consumers, who have the consumers. able habit of consumers who bought their pipe from the manufacturers and afterward bired inexperienced

men to do their work.

Mr. Weaver, of Philadelphia, proposed that the Canadian Association of Plumbers be asked to join with the National Aid Association and form a combined organization. Mr. Cabay, of New York, opposed this end said it was the business of the National Association to take care of its plumbers at home. The proposition was not con-sidered feasible, and consequently was dropped. The convention then elected dropped. The convention then elected officers for the ensuing year, as follows: John Byrnes, of New York, was chosen president, and John Trainor, of Baltimore, vice president; Mortimer J. Lyons, of Brooklyn, was re-elected treaturer, and Enoch Remick, of Philadelphia, was re-elected financial secretary; David J. Collins, of St. Louis, was again chosen sergeantat arms, and it was decided to hold the next annual national convention at Boston.

New York, June 23 .- The silver chasers, who have been on strike for nearly three months, are forsaking the Knights of Labor and are being taken back by their employers. The condition of re-employment is renunciation of all allegiance to the trades unions. All are expected to be at work in a few

A Disruption in the United Labor Party's Ranks.

NEW YORK, June 23 .- It sppears that all is not harmony just at pres-ent in the ranks of the United Labor party, as far as the socialists are con-cerned. They think the platform contains too much Georgeism, and at the convention of the United Labor party, to be held in Syracuse August 17th, efforts will be made to have a number of planks inserted which will be prepared by the Socialistic Labor party. To prepare for this a pamthe National Executive Committee the Socialistic Laber party, the author of which is Lawrence Gronland, who has written several works on social-ism. The pamphlet is an attack on the theories of Henry George.

The New Scale Being Considered. PITTSBURG, PA., June 23.-The sheet iron manufacturers interested in the stamping and hollow ware branch of the business held a meeting here today to consider the new scale offerred by the Amalgamated Association. It was decided that it would be impusible to concede the advance asked for, and the mills would be closed down rather than grant it. One of the manufacturers said that the present scales should be lowered, instead of increased, owing to the stagnated condition of the busines.

Knights of Labor Abandon the Strike,

PITTEBURG, PA., June 23.—T. B. Barry, of the Central Executive Board, Knights of Labor, who has been investigating the strike of the ore handlers at Cleveland, O., was in the city, en route to the headquarters of the Knights of Labor in Philadelphis. Mr. Barry stated that the Knights of Labor had abandoned the strike and the men could now con-tinue the fight unaided by the order. "The strike," said he, "was not as represented to us, and when we arranged a settlement the men refused to accept the terms of their employers on a technicality. The Knights of Labor will not have anything further to do with the matter."

A Liberal Endower.

CINCINNATI, O., June 23.—A Times-Star special from Akron, O., says that at today's commencement exercises at Buchtel College, Mr. John R. Buchtel, founder of the college, made an addi-tional gift to the college of \$175,000. His entire gift now amounts to \$400,-

Sharp Trial,

came Jacob Sharp, a cheap blue Japanese fan in his hand and his grand-children at his side, and following was Capt. "Billy" Rickette with his well drilled squad of jurors. Mr. Foote, of the First National Bank, resumed the stand to tell of the dealing with Aiderman Farley in January, 1885. Heraid that this man came and saked the price of United States registered 4 per cent bonds, which was told him. He wanted \$10,000, which came to something over \$12,900 with the premium. He paid for the bonds, in bills of large denomination, taking them from his vest pocket. A number of witnesses were put on the stand to prove that the alderman came into possession of \$1000 bills as soon as the Broadway bill was passed. The prosecution then tried to have the testimony of Sharp before the Senate Investigating Committee, read, but the defense objected and a long discussion ensued.

FREETRA DE WITH CANADA

MR, PLATT, IN THE POMINION PARLIAMENT YESTERDAY,

Makes Liberal Concessions Indeed to the United States to Settle Commercial Difficulties.

OTTAWA, ONT., June 23 .- In Parlianent yesterday Mr. Platt, member for Prince E ward county, pave notice that he will, on Thursday, make a mo-tion to the effect, first, that the admis-sion of all products and manufactures of the Dominion of Canada into the markets of the United States free of import duty and a like concession by the Dominion of Canada to the products and manufactures of the United States would afford an amicable settlement of the present controversies and existing commercial difficulties, benefit the most important industries of Canada and promote harmony and cement the friendly relations existing between the governments and people cent of the assistance, and are charging that favoritiem has been shown in the distribution of the money. The sidewalk in front of Greenb.um's building was crowded all day with an excited body of men, and the tener of their remarks was not favorable to the leaders of the union.

Carrention. based upon breal and comprehensive principles and without prejudice to the political relations at present ex-isting between Canada and the British

Empire. Walter Shanley, one of the foremost watter Sanley, one of the forement of Canadian engineers and a govern-ment supporter, appealed to the gov-ernment to introduce without delay a bill freeing the St. Lawrence canals entirely from tolls. He said the canal policy of the government hitherto had been a lamentable failure, and trade which today should find its outlet by the St Lawrence was now going to New York and Boston. He said the næigation of the St. Lawrence should be as free as that of the ocean. The Minister of Finance declined to give definite assurance as to the course the government would pursue in the

BUREAU OF AGRICULTURE. The Commissioner Makes Correction and Explanation.

[CORRESPONDENCE OF THE APPEAL.] NASHVILLE, TENN., June 23.—In my letter of the 25th ultimo, in reference letter of the 25th ultimo, in reference to the Bureau of Agriculture, which you were kind enough to publish, I inadvertently stated that the Legislature had deprived me of the power of appointing assistant Commissioners, when in fact I had already appointed my assistants, and only intended to say that the Legislature had (by cutting down the appropriation for this department and by resolution) deprived me of the power of using sufficient means out of the appropriation for paying my assistants a sum at all for paying my assistants a sum at all commensurate with the work required of them, and that I would to a very large extent have to depend upon the press of the State and such other agencies as I will be compelled from time to time to employ, in order to bring the workings of this bureau under its present management before the people of the State, and make it of some practical benefit. In justice to my assistants, whose labors have been done without prospect of a just re-muneration for their services, and in ustice to my department and myself, sak that you give this letter a place in your paper, that it may correct the impression that I have no assistants. With respects, I am yours truly.

B. M. HORD, Commissioner.

MRS. CLEVELAND Leaves Auburn Today for Washington.

Auguss, N. Y., June 23.—The com-mencement at Wells College closed with the president's reception yesterday. The president and faculty are well pleased with the admission of women to the Beard of Trustees. Mrs. Cleveland and Miss Smith attended the first meeting in time to vote for adjournment. It is believed they will depart for home early tomorrow. Mrs. Cleveland will be met at Cayuga by Col. Lamont, who will accompany her to Washington.

TELEGRAMS.

New London, Conn., June 23 .- The Columbia-Harvard race has been postponed until Monday, June 27th, at 5:30 o'clock p.m.

Joliet, Ill., June 23 .- Schwartz and Watt, convicted of the murder of mes-senger Nichols, were brought here and placed in the penitentiary today. Marbiehead, Mass., June 23.—There was no possible chance for the yacht race today and it seems to the weather wise that the streak of easterly foggy weather will last a week.

Springfield, Mo., June 23.—The Cora Lee case went to the jury at 4 o'clock this afternoon. At 9 o'clock the jury having failed to report a verdict, court adjourned until tomorrow morning.

Chicago, Ill., June 23.—A special from St. Johns, N. S., says: Gov. Blake, of the Bahamas, has been appointed Governor of the Bahamas, and Gov. Desvoeax Consul to Hong Kong.

Syracuse, N. Y., June 23.-Veterans of the war unveiled a monument to their dead at Woodlawn cemetery this afternoon. After a large street parade, Senator Hiscock delivered an address.

Newark, N. J., June 23.—Mrs. Jacobus, the nurse of President Cleveland, died a few days ago at Caldwell. She was born in 1805, and for over a year had been helpless, being paralyzed and blind. and blind.

Brattleboro, Vt., June 23.—John Sugland, on trial for the murder of Helen A. Burt, whose body was found in the Connecticut river Sunday, committed suicide by hanging in his cell

here this afternoon. St. Louis, Mo., June 23 .- The colored people of this city are making preparations to take part in the recep-New York, June 23.—This morning preparations to take part in the reception and Terminer, and with it came Judge Barrett, who was anticipated a few minutes by lawyer Parsons. Then

ONE OF THE PLOTTERS

WHO AIDED IN THE ABDUCTION OF MRS. ALBERT BROOKS,

A Woman Named Anna Butterfield -After a Long Search, She is Located.

San Francisco, Cal., June 23.—A woman known as Anna Butterfield, who has lately been working in a bakery at Riverside, Cal., has been identified as one of the persons who apparently had some knowledge of or connection with the alleged abduction of Mrs. Albert Brooks, of Juniata, Mich., who recently came into possession of a large fortune at Denver, Col., and then mysteriously disappeared. and then mysteriously disappeared. The Butterfield woman was identified as the person who sent both of the letters to a banker at Vassar, Mich. The letter in question had been written by parties in Riverside to Mrs. Brooks at Denver. It was also learned that the Butterfield woman had received a copy of the Detroit Free Press of June 11th, noting the receipt of the letter at Vassar. Then some inquiries began to be made about her. She dis-appeared, departing last Sunday. She was reported to be worth \$40,000. The parties who were investigating the matter declare that the woman is either one of the abdusting party or is the lost Mrs. Brooks herself, and that the receipt of a large legsey upset her mind. A good photograph was seemed of the woman, which has been sent East. She is apparently forty to forty five years of sge, of stout appearance, and has plain features. Inquiry today has failed to learn the wherabouts of Anna J. Butterfield, of

Riverside, who is thought to know something of the supposed kidnap-ping of Mrs. Abbert Brooks, of Michigan, who lately as heir secured \$800,-000 at Denver, Col. There are certain facts that seem to be established, viz. Mrs. Butterfield came into possession of private letters of Mrs. Brooks's and sent them to a banker at her old home in Michigan, and that she had tele-graphed money to her old home through the Riverside Bank for the ben-fit of Miles Brooks, whom she claimed to be the son of an anni who was lost. I is possible that Mrs. Butterfield is the niece of her lost aunt, and it is just possible that she is the lost Mrs. Brooks herself, and that after the receipt of the money her mind became unbalanced and she wandered from her friend. Mrs. Butterfield has talked strangely about the matter from the first. The amount of money she claimed to have in her passession varied from \$20,000 to \$100,000.

THE MYSTERIOUS ANNA LOCATED.
The mysterious Anna J. Butterfield,
who lef: Riverside last Sunday, and
who is suspected of having some connection with the alleged abduction of
Mrs. Brooks, of Tuscols, Mich., hes been discovered in this city. She appears to be partially demented, and detectives are of the opinion that she is Mrs. Brooks herself. Her fortune, if she received any at Denver, as stated in telegrams from there, has entirely disappeared.

SHEEPSHEAD BAY.

THE TRACK A GREAT MESS OF MUD.

Young Duke, Satisfaction, Mona Hanover, Wanderment and Sham-rock Win the Day's Events.

New York, June 23.—Twenty hours of continuous rain made the track at Sheepshead Bay a miserable mess of mud, and a very poor day was pat in by the race goers. The principal event of the day was for the Rapid Stakes, which Mona won. It is probable that a sweepstakes between Mona, Saxony and Climax, the first three in the race, will be made up at \$5000 a

First Race—Seven furlongs. Starters: Miller, Young Duke, Lelogos, Maggie Mitchell, Pegaeus, Bass Viol, Burton, Costello, Himalaya, Mamselle, Standiford Kellar, Nat Goodwin, Nellie Van and Henrietts. Young Duke won by two lengths; Mamselle second, Himalaya third. Time—1:33. Mutuals paid \$51,90.

Mutuals paid \$51 90.
Sacend Race—Spring Stakes; two year olds; three quarters of a mile. Flitaway, Fordham, Kingfish, Satisfaction and Fanita. Satisfaction won by

two lengths, Fordham second, King-fish third. Time—1:18.
